

Tip - How to Change a Eudora Password

To change your Eudora email password, follow the instructions below:

1. Go to the website: <http://www.camail.harvard.edu/>
2. Scroll down to Account settings section.
3. Click on CAMail Account Management Page link.
4. Type in your usual Eudora login name and current password on the Sendmail Server User Login page.
5. Click the log in button on the Sendmail Server User Login page.
6. Click the Change User Password link on the User Preferences page.
7. Type in your current password as the Old Password on the User Preferences/User Password page.
8. Type in a new password for New Password on User Preferences/User Password page.
9. Re-Type in the new password for New Password on User Preferences/User Password page.
10. Click the OK button on the User Preferences/User Password page.
11. Click the Log Out button on the User Preferences page.
12. Click the OK button in the "You have been logged out" dialog box.
